

Asiya Nizam

Data Analyst | Business Intelligence | Reporting Analyst

+971 506604882 • asiyanizam01@gmail.com • [Portfolio](#) • [LinkedIn](#) • Dubai, UAE • UAE Work Visa Holder

PROFESSIONAL SUMMARY

Google Certified Data Analyst and Microsoft Certified Power BI Data Analyst (PL-300) with 3+ years of experience delivering data-driven insights across e-commerce, supply chain, and technology environments. Proficient in SQL, Python (Pandas), Power BI (DAX, Power Query), and Excel, with a strong foundation in business intelligence, reporting, data quality, and dashboard design. Background in SAP ERP systems and enterprise-scale data migration projects. Experienced in cross-functional, multicultural environments and presenting actionable insights to senior stakeholders.

CORE COMPETENCIES

SQL • Python • Power BI • DAX • Excel • Data Modelling • ETL • Business Intelligence • Reporting & Dashboards • Stakeholder Reporting • ERP / SAP • AI Tools (Copilot, ChatGPT)

EXPERIENCE

Data Analyst | Meta Click Data Ltd, UK

Feb 2025 – June 2026

- Owned end-to-end analytics for 3+ freelance clients, managing the full workflow from data cleaning and validation through transformation and dashboard development to drive actionable business insights.
- Delivered 3 client dashboards using Excel, improving data accuracy by 50% and reducing manual reporting effort by ~50%, enabling cleaner, decision-ready outputs for small businesses and individual clients.

Warehouse Administrator / Assistant | Nutra Direct & Others, UK

Feb 2024 – Jan 2025

- Operated across 3+ warehouse sites in logistics, supply chain, and pharmaceutical environments, carrying out administrative and fulfilment operations in high-volume settings.
- Audited and restructured warehouse inventory records at Nutra Direct, identifying and resolving stock discrepancies across 500+ SKUs and reducing inventory errors by 30% through systematic data validation.

Senior Analyst / Software Engineer | Capgemini Technology Services, India

Nov 2020 – Dec 2022

- Extracted and cleaned SAP system data across 5+ enterprise client migration projects — including Warner Bros — building Excel pivot tables and dashboards to assess migration readiness and inform go/no-go decisions.
- Collaborated with 5+ SAP functional teams and stakeholders to gather requirements, perform data gap analysis between legacy and target systems, and present KPI-driven progress updates; achieved 100% issue resolution rate with documentation adopted for future projects.
- Remediated 2,000+ data objects through automated validation (ATC Cockpit) and targeted program changes, ensuring data accuracy and system stability throughout the migration lifecycle. Recognised with the 'Firefighter' award for outstanding contribution.

PORTFOLIO PROJECTS

Superstore Sales Analysis | Personal Project

May 2026

- Performed end-to-end SQL analysis of 10,000+ retail records using PostgreSQL (CTEs, window functions, subqueries) across sales, customers, products, and regions. Key finding: discounts above 20% drive negative profit; Consumer segment accounts for 53% of sales — recommending discount strategy revision and loss-making product review.
- Built a 3-dashboard Excel report visualising KPIs, revenue trends, regional sales, and product profitability.

Tools: PostgreSQL, pgAdmin 4, MS Excel

Bellabeat Smart Device Usage Analysis | Personal Project

Feb 2026

- Analysed fitness tracker data (activity, sleep, wellness) using Python (Pandas); found only 41.67% of users were highly engaged, 20.83% meeting step goals, and 54% falling short on sleep — informing targeted re-engagement and wellness marketing recommendations. Built an interactive Power BI dashboard to visualise trends.

Tools: Python, MS Excel, Power BI, VS Code

Customer Churn Analysis | Personal Project

Apr 2026

- Analysed telecom churn data revealing a 26.86% overall churn rate, 63.24% in California, and ~45% attributed to competitor offers — producing segment-level Power BI dashboards and targeted retention recommendations, including a California-specific programme and competitive loyalty upgrades.

Tools: Power BI, Power Query, DAX, MS Excel

EDUCATION

MSc Engineering Management | University of Greenwich, UK

Jan 2023 – Feb 2024

Grade: Pass with Merit | Supply Chain Management, Lean Manufacturing (Kanban, Kaizen), Strategy & Management, Accounting & Finance

BTech Applied Electronics & Instrumentation Engineering | APJ Abdul Kalam Technological University, India

Aug 2016 – Oct 2020

CGPA: 8.11 / 10 | Electronics, Semiconductors, Mathematics, Computer Programming, Business Economics

TECHNICAL SKILLS

Analytics & Visualisation: SQL (PostgreSQL, CTEs, Window Functions, EDA), Python (Pandas), Power BI (DAX, Power Query, Row-Level Security, Star Schema, Dimension & Fact Tables), Tableau, Excel (VLOOKUP, Pivot Tables, Macros)

Data Skills: EDA, data cleaning & transformation, data modelling, ETL, KPI reporting, business intelligence, dashboard design, stakeholder reporting, data governance, data quality management, data integrity

SAP & ERP: SAP ABAP, SAP S/4HANA Migration, SPDD & SPAU, SAP BTP Cloud, Code Remediation

Tools & Platforms: VS Code, pgAdmin 4, GCP (BigQuery), GitHub, Cin7 Core, Smartsheet, Microsoft 365, AI Tools (Microsoft Copilot, ChatGPT)

CERTIFICATIONS

- Google Data Analytics Professional Certificate
- Microsoft Certified: Power BI Data Analyst Associate (PL-300)
- DataCamp: Data Analyst in Power BI, Associate Data Analyst in SQL, SQL Fundamentals
- Forage Job Simulations: Deloitte Australia (Tableau, Excel); Citi Markets Quantitative Analysis (financial modelling, Monte Carlo simulation)
- SAP Certified: S/4HANA Conversion, BTP Cloud, Key Technical Topics in Conversion
- Career Essentials in Generative AI – Microsoft & LinkedIn

ADDITIONAL INFORMATION

Based in Dubai with a valid UAE work visa. Nationality: Indian. Languages: English (Fluent), Hindi (Fluent), Malayalam (Native). Experienced in multicultural teams across India and the UK. Full UK driving licence.
