PROFESSIONAL SUMMARY

Google Certified Data Analyst and Microsoft Certified Power BI Data Analyst (PL-300) with 3+ years of experience working with data and a background in SAP ERP systems, supply chain management, and enterprise-scale data projects. Skilled in SQL, Python (Pandas), Power BI (DAX, Power Query), and Excel, with a strong foundation in data quality, reporting, and insight generation. MSc in Engineering Management from the University of Greenwich, UK. Experienced in working in cross-functional, multicultural environments and delivering actionable insights to senior stakeholders.

EXPERIENCE

Data Analyst Trainee | Meta Click Data Ltd, UK

Feb 2025 – Present

- Completed structured, mentor-led training in end-to-end data analytics workflows, gaining hands-on exposure to real client datasets.
- Developed practical skills in data cleaning, validation, and transformation using Python (Pandas) and Excel, building a strong foundation in analytics methodology and data quality standards.

Warehouse Administrator / Assistant | Nutra Direct & Others, UK

Feb 2024 – Jan 2025

- Worked across 3+ warehouse sites in logistics, supply chain, and pharmaceutical environments, carrying out administrative and fulfilment operations in high-volume settings.
- Audited and restructured warehouse inventory records at Nutra Direct, identifying and resolving stock discrepancies across 500+ SKUs and reducing inventory errors by 30% through systematic data validation.

Senior Analyst / Software Engineer | Capgemini Technology Services, India

Nov 2020 – Dec 2022

- Extracted and cleaned SAP system data across 5+ enterprise client migration projects; built Excel pivot tables and dashboards to assess migration readiness, informing go/no-go decisions for client system conversions.
- Collaborated with 5+ SAP functional teams and stakeholders to gather requirements, perform data gap analysis between legacy and target systems, and present KPI-driven progress updates.
- Led SAP ABAP development and testing initiatives, ensuring data accuracy and system stability throughout the migration lifecycle. Recognised with the 'Firefighter' award for outstanding contribution.

PORTFOLIO PROJECTS

Superstore Sales Analysis | Personal Project

May 2026

- End-to-end SQL analysis of 10,000+ retail sales records using PostgreSQL — covering EDA, data validation, and insights across sales, customers, products, and regions using CTEs, window functions, and subqueries.
- Built a 3-dashboard Excel report visualising KPIs, revenue trends, regional sales, and product profitability.

Tools: PostgreSQL, pgAdmin 4, Microsoft Excel 365

Bellabeat Smart Device Usage Analysis | Personal Project

Feb 2026

- Analysed fitness tracker data across activity, sleep, and wellness dimensions to identify user behaviour patterns using Python (Pandas); built an interactive Power BI dashboard to visualise trends and inform marketing recommendations.

Tools: Python, MS Excel, Power BI, VS Code

Customer Churn Analysis | Personal Project

Apr 2026

- Analysed a telecom dataset to identify key churn drivers across contract type, demographics, and service usage.
- Built a Power BI report visualising churn rate by segment and produced actionable retention recommendations.

Tools: Power BI, Power Query, DAX, MS Excel

EDUCATION

MSc Engineering Management | University of Greenwich, UK

Jan 2023 – Feb 2024

Grade: Pass with Merit | Supply Chain Management, Lean Manufacturing (Kanban, Kaizen), Strategy & Management, Accounting & Finance

BTech Applied Electronics & Instrumentation Engineering | APJ Abdul Kalam Technological University, India

Aug 2016 – Oct 2020

CGPA: 8.11 / 10 | Electronics, Semiconductors, Mathematics, Computer Programming, Business Economics

TECHNICAL SKILLS

Analytics & Visualisation: SQL (PostgreSQL, CTEs, Window Functions, EDA), Python (Pandas), Power BI (DAX, Power Query), Tableau, Excel (VLOOKUP, Pivot Tables, Macros)

Data Skills: EDA, data cleaning & transformation, data modelling, ETL, KPI reporting, business intelligence, dashboard design, stakeholder reporting, data governance, data quality management

SAP & ERP: SAP ABAP, SAP S/4HANA Migration, SPDD & SPAU, SAP BTP Cloud, Code Remediation

Tools & Platforms: VS Code, pgAdmin 4, GCP (BigQuery), GitHub, Cin7 Core, Smartsheet, Microsoft 365 (PowerPoint, Outlook, Teams)

CERTIFICATIONS

- Google Data Analytics Professional Certificate
- Microsoft Certified: Power BI Data Analyst Associate (PL-300)
- DataCamp: Data Analyst in Power BI, Associate Data Analyst in SQL, SQL Fundamentals
- Forage Job Simulations: Deloitte Australia (Tableau, Excel); Citi Markets Quantitative Analysis (financial modelling, Monte Carlo simulation)
- SAP Certified: S/4HANA Conversion, BTP Cloud, Key Technical Topics in Conversion
- Career Essentials in Generative AI – Microsoft & LinkedIn

ADDITIONAL INFORMATION

Based in Dubai, with a valid UAE work visa. Fluent in English. Experienced in multicultural teams across India and the UK. Full UK driving licence. Open to travel for project-based work.
